“ My aunt Dorothy was one of a kind. When she was young she was so beautiful she could have been a movie star. She was still beautiful always. I remember her visiting and I was so excited. She was so full of life. She use to collect jewels years ago and one of my most treasured possessions is a blue star sapphire ring she gave me for my birthday. God It must have been 40 or so years ago. I still wear it and never take it off. I know she is in heaven now with my mom Frances and uncle Ben. They are together now. Rest in Peace Aunt Dorothy. I love you and will miss you.
