

Lorne J. "Hooter" Hutter

November 19, 1964 - February 17, 2019

Lorne J. "Hooter" Hutter, age 54, of Willoughby, peacefully passed away on February 17, 2019, surrounded by family. He was born in Euclid on November 19, 1964 to Harvey and JoAnn Hutter.

Lorne was well known for always having an answer to questions but even more so for his bad jokes. He really enjoyed the outdoors and the water. He would go sailing often on his time off and he absolutely loved to restore sail boats. Lorne always had a need to fix something throughout his life. He worked for his family's business, Hutter Electronics for many years before working for Rockwell Automation for over 18 years. Lorne had a love for sound and music in general. He was a sound engineer for many bands throughout the Cleveland area and even played guitar himself. Most of all, family and friends was of the greatest importance to Lorne. In the winter, he was a snow bird with his wife Debbie. Lorne loved every moment he was able to spend with his family and they will miss him dearly.

Lorne was the beloved husband of Debbie Hutter (nee Gracco) for 8 years; the loving father of Michael Hough, Emily (Ryan) Chaloux, Ryan (Lisa Latessa) Hutter, and the late Timothy Hutter; the cherished son of Harvey (Linda) Hutter and JoAnn Hutter; a proud grandfather of Rayden, Lianna, and Jacob Chaloux, Emma Latessa, Cassandra Hutter, Elizabeth Rea, Olivia and Timothy Hutter Jr; and a nephew, cousin and friend to many more.

In lieu of flowers, a GoFundMe account has been set up by the family to help with final expenses for Lorne. Any donation would be greatly appreciated. The following link will take you to the GoFundMe page.

“ Lorne was such a friendly guy, such a people person and also always willing to help everyone and he could fix anything. I had the pleasure of working with him for 18 years. I am the admin of the department he worked at in Rockwell Automation. I remember the day I started in this department, Lorne and Wayne Abarca were so welcoming. To this day they are still two of my favorite people. You will be truly missed, Lorne

“ Lorne was a great guy. I knew him since the early 70s. He always loved to take apart and fix things. In high school he would walk to and from the bus stop carrying and playing his guitar. This always made me smile. He will be missed

“ Lorne was always ready and willing to share his many talents. Whether is was providing solutions at Rockwell, where I met him, or mechanical and electrical issues at friends homes, or providing his musical expertise to numerous venues, he was up to the task. He continued to have a positive attitude during his health ordeal and was always more concerned about others. What my wife and I will really miss is his great smile and laugh.

“ I was fortunate enough to work with Lorne at Rockwell for over 12 years. He was very talented at his job and all things mechanical. I am glad I was able to call him my friend. He will be missed greatly. My condolences to Deb, his children, and his entire family. Rest in heaven my friend.

“ My most treasured memory of Lorne was listening to him play guitar and sing Beatles songs to me on the phone when I was 14 years old. Loved him that day and every day since.
