“ Patricia and Family - We are so sorry for your loss. Tom was always very upbeat and friendly. I recall him as a very energetic young boy and later, a very handsome and thoughtful adult. My heart breaks for you! Sincerely, Joanne Hoven Stohs

“ Tom was such an exuberant soul. He always had people's best interest at heart. And could remember details about others that you may have told him ages ago. He was truly a person that cared and loved others. It was such a privilege working along side him. It didn't matter who you are Tom was a person that was loved by all, and who left an imprint on all those whom he crossed paths with. I can only hope that I can spread as much joy and cheer as Tom did. My thoughts and prayers are with Tom's wife and family.

“ Tom will be missed by so many. He was such a pleasure to work with at Mc Gregor. He was always willing to lend a hand. The patients loved him, and he lit up the room with his harmonica.

“ We helped take Tom to many of his medical appointments since his diagnosis 15 months ago. Tom never once complained about his illness or any of the hurdles he faced. He showed us how to be kind and caring. Amid his illness and heavy medical schedule, we enjoyed his company so much that we looked forward to taking him wherever he needed to go. We made a lot of music in his basement with him playing harmonica and singing and me tickling the ivories. I will treasure those times forever. Our family considered him a truly precious gem and we will miss him always. May the good Lord take you into His arms Tom, and welcome you into His heavenly home.

“ Tom and I, Bert, go back to summer of 1973. We met at football camp and journeyed through Lakewood St. Ed's for next four years. We spent time looking to the future and making good choices all the way through. Tom's ethics were and are terrific. I recall littering in high school and Tom coached me the morals of leaving the environment clean. To this day I recall and adhere to the guidance. As we grew older we have always stayed in touch celebrating what is important; family, family events and just talking.

Tom has been and always will be my brother. God Bless you, your wife Patty, family and friends.

With love

“ Carolyn Pickens This tribute to my friend will never end for to know him was to love him. We don't know why the Lord took him at this time, perhaps He needed a harmonica player to accompany the heavenly choir (smile). In life his goal was to spread cheer and love and now it will continue in heaven above.
