“ Dr. Schock was an amazing person inside and out. I had the opportunity of having her as my college professor in multiple classes. I got to know her and grow into the person I am today. She helped me speak my mind and not be the shy Lexi I was as a freshmen. I learned how much each of us are important and can make the biggest impact as an educator . My favorite memory with Dr Schock is last year when we had a class about us all going through hardships and how we all have struggles. Dr Schock never judged. We sat together as a class and shared personal struggles and how it had gotten us to where we were today as Notre Dame students. Dr. Schock will always have a place in my heart. Thank you for all you have taught me and thank you for being a friend to us all. With love and prayers, Lexi

“ Del & Sandy-- I am beyond saddened at the news of Trish's passing. You know I considered her my third daughter! The memories of our years as neighbors when the girls were small have been on my mind all week. There are no words to express how I feel. You can be so proud of the wonderful woman she became and her many accomplishments. I wish you peace of mind and heart eventually.

“ We have known the Schock family for twelve years and enjoyed many trips together. The memories and laughter will never fade. Trisha was like a second daughter to us and a friend to Kelly that will never be replaced. Our tears of sorrow can only be replaced with the knowing she is in a better place and that someday we will be up to see her. Love Paul, Janice and Kelly Holcomb

“ Trisha was a friend. She helped my son so much when he was struggling to decide what kind of teacher to be. She was kind, patient and generous with her time. The world is a little dimmer without her but her students and all those that she touched will be better because they knew her.

“ Trisha was a loving caring teacher that helped all 4 of my children through kindergarten. I will always remember her radiant smile and magnetic personality. Her mother was my teacher in wickliffe also. I see where she got her love for teaching. She will surely be missed.

“ This is shocking! We met Trish at the Excellence Resort in Playa Mujeres this year. ...so full of life! It was fun being around the positive energy she and her family shared with us. As I read the posts on facebook, it doesn't come as a surprise that she was loved by many. I'm glad I got to share a small fraction of the woman she was. My heart goes out to all... Sincere sympathy and prayers from friends in Minnesota.

“ Trish had the opportunity to Work with all three of My children in kindergarten. She was a true example of an educator that never gives up. My son had issues learning in the traditional setting and she worked diligently to help us find a cause and a solution. She also spent years working with my two daughters and mentoring them in the field of education. It was her mission to find the best candidates and help them succeed in this field, knowing it wasn't easy. She took my middle daughter in when life failed her and gave her a place to live so that she Could finish the last two years of her degree in Alliance. Her caring nature transferred over to her love of cats. She helped my youngest daughter find a kitten that would bond and allow my daughter to heal after a tragic time in her life. She was a great person and an amazing friend. We always enjoyed getting together and laughing about life. She was such a strong willed person, I know she gave her cancer all she could, I am so sad that she lost her fight. I am praying for her family and Kelly. She was one of My closest friends who helped my family and myself no matter what. Rest in Piece Trish.

“ Trish took me in, first as a scared four year old, then as a high school student looking for career options. Spending those summers with Trish and the campers of Camp Sue Osborne taught me so much. I worked with her and Sandy many times to help with the install and tear down of their classrooms. Trish inspired me on so many levels. I wouldn't be half of who I am today if I had never met Trish. She was such a beautiful and inspiring person. I know she touched so many, and I am so thankful for the time she had with us.

“ Dr. Schock was one of the most supportive and personable professors I have ever had at Notre Dame College. She was passionate about sharing her wealth of knowledge with her students and I am forever grateful for her bubbly personality and her ability to put up with me at the best of times! I am saddened to hear the news of her passing and I send my love to her family and those she also touched! Thank you for being a downright legend Dr. Schock and for gifting me with your wisdom of the classroom. Rest easy legend!

“ I was in her second class. 1989-1990. Hard to believe it's been almost 30 years! She was the best! When I went back to Morton as a high school junior thinking about being a teacher I stopped and visited with her. She was always so gracious and always greeted me with “hello Jeffrey”. She never would call me Jeff.

Praying for her family in this very difficult time.

“ I was in her first kindergarten class. I can remember reading Mrs wishy washy sitting on the carpet- a book just got for my daughter who just started kindergarten. When i was in high school, I worked at a restaurant and miss shock would meet small groups of students for dinner on kids night. I have now been a teacher for 11 years and see what an amazing educator she was. Her memory will live on in so many students.

“ Trisha was a role model for her students, be they kindergarten or college-age. Her dedication for teaching was infectious and she always made learning fun. I will miss her terribly as she was not only my colleague, but my friend and confidante. I don't know when I'll be able to stop wanting to text her with something funny or important to share. I'm grateful for every day that she taught at Notre Dame College and for all of the memories that I will cherish.

“ Trisha was my daughter Sarah Boylen Eslinger's first teacher it was also the first year of Trisha's teaching at Sterling Morton. She gave my Sarah the cutest red coat to wear to her sisters wedding, a wonderful memory for our family of her kindness. Such a lovely young lady who left us way to soon. May the Lord wrap her in his loving arms to make her whole again...

“ Trisha was a bright and sunny person whose passion for education shone through. I would glance out of my office window and see her teaching a lesson outside on a beautiful day. She and I had lots of discussions about her cat adoption work and my greyhound adoption work. She was just one of those people you admired. I am deeply saddened to think we have lost such a wonderful person.
