“ *Big Al was without a doubt my best friend in early high school! I loved the guy! As I walked out my side door at Park / Orchard I was robotically guided to his Eldo / Arlington residence. I remember seeing Al several years ago at a Willoughby 4th of July Celebration viewing on Arlington. I believe he was staying at the Arlington house to take care of his mom who needed assistance. His death has hit me hard as he is the first contemporary of my group of friends to pass. I will certainly miss him and wish I looked him up before this happened. My condolences to Dave and Mary Ann and Kristi. Big Al, I love you man! Bert Hanson from Tucson, Arizona.*
