After his military service, Alex pursued education in national security where he achieved multiple degrees to include a degree in Geospatial Intelligence, a Bachelor of Science in Intelligence Studies, and a Master of Science in Cybersecurity from Mercyhurst University. His passion for service continued after graduation where he volunteered with NGOs in supporting anti-human trafficking operations. Alex was a loyal friend to many, built friendships easily, and kept them for life.

Alex had an eclectic set of interests and activities, approaching each with curiosity, enthusiasm, and a genuine joy for life.
