She was a huge Cleveland sports fan and I made her this card and sent it to her which got a big laugh. I will miss that so much.

“ Betty was my childhood best friend in my early years. I remember when I moved in next door and first met her. She made me feel like I lived there for years and welcomed me with that beautiful smile. We spent practically everyday together after that until she moved... playing, laughing, running, waiting for the school bus, picking and eating vegetables from the family garden. She was a beautiful person inside and out. I am truly blessed to have my life touched by her. My heart pours out to her family and friends. My deepest condolences and prayers for strength during this most difficult time. Betty, you will be forever in my heart and mind. Godspeed beautiful angel.

“ Betty was both beautiful inside and out. We met many years ago in the Euclid women's softball league. At first we played on opposing teams and then transitioning to playing together. She was always positive and had an infectious smile. My sincere condolences to her family and friends who were blessed to have known this wonderful woman. She will be missed.

“ *As part of Betty's Starbucks family for the past 17 years, I can't tell you how difficult it was going to work today, knowing that I will not ever be graced by that beautiful smile and sweet, kind, gentle soul again. As I looked around, I noticed the various "groups" of people, and realized that most of them knew her, had talked to her, or had received that smile also, at one time or another, and the feeling of sorrow I was having at missing her already, became a feeling of love and gratitude for just having know her and being part of her life, if only for the brief moments we shared together over coffee. She was so loved by so many and she will be missed by all. Rest in peace, sweet Betty. My sincere condolences to you all, her family and friends.*

“ This is a tough one for me. Betty was my friend, my class workout friend. We worked out in classes 3-4 times a week. Inspirational beyond belief. She challenged me, challenge herself and others. Always with a smile. Every time she came to class she had a smile on her face and put one on mine. We ran together, did TRX together and other classes together. She was amazing. Sooo Strong. She was truly loved and will be greatly missed. I'm in complete shock. I'll never forget you Betty. I'm lucky as ever I got to have you in my life for so long. My heart is broken.....

“ I used to work with Betty. We worked out together a few times and even did a triathlon together. I had talked to her only a few months ago. She also took the time to come to my children’s school a few years ago to give a presentation on sign language and growing up with deaf parents. I still can’t believe this.

“ Betty, you were one of the kindest souls I have ever met. Your friendship the past 6 years was very cherished & came at the perfect time as fate does.. During some of the worse parts of my life you always lifted me up and made me a stronger & better person. For that, I only ever wanted to be there for you that way too and I will greatly miss our conversations, your cheerful personality, & all the 'hahahaha's we exchanged. You were dearly loved & your memory & influence will always be very heartfelt. I've not gained a guardian angel, you were always one. Thank you & RIP my dear friend. My heartfelt condolences to the family.

“ To the Family,

I had the wonderful pleasure to personally meet Betty when she came to Suffolk, VA to metal detect. My friend Kelley Rea organized a hunt and Betty attended. The next day, Betty and I detected the park while the others went into the nearby fields. I found her meticulous digging techniques quite extraordinary!

We kept in touch on FB and I enjoyed seeing her posts of finds, especially silver coins.

I am sorry for your loss and may she find the streets paved with Golden Heaven above. She was a true treasure.
