“ *I had the most beautiful pleasure of knowing Carol "Mom" through her daughter Christina. Mom was always a joy to be around. If I could describe her with just one word it would be "soft". She had such a calming, pleasing, soothing effect on everyone. A few times she showed me some tough love, which I desperately needed. We sometimes had our differences of opinions and I would often back away, but she never gave up on me. I am a better person today because of her. I will always love you dearly. - Kerri*
