“ Don was such a huge part of my life and my family's lives. He will be so missed. I am so glad I got to know him and more importantly, you, Berdie! I love you both so very much. Thanks for believing in me.

Don and Burch are probably looking over us and cracking all of their stupid jokes!

“ Don, was my angel..I always called him that we worked together at Laurelwood but he was more than just co-worker he was a friend.He helped me through a difficult time, and taught a class for my case managers. He was a light and inspiration, I will miss him...He called me his poster child for Co-dependancy, but reminded me often how much I had grown.. I will miss his smile and guidance..God took him home.

“ *Birdie, May god send his angles to hold and comfort you. Don and Dad are together in heaven watching over us, probably drinking coffee. Dad\'s probably telling him all the new jokes he\'s heard. God speed, Don and rest in peace.*
