“ Dad, I miss you..there was so much I wish you could have seen. I wish you were here to watch me grow into the person I am today, how I'm not that any little girl anymore, I wish you could meet the man I've fallen in love with. I wish you were here to walk me down the isle and see you grandchildren from all of your children. You were a great part in my life and I sometimes regret not being able to say goodbye. I still can't believe you're gone. I love you to the moon and back no matter what has happened. I hope everything's peaceful up there, I know you're watching over me.
