“ I send my deepest sympathy to the family of "Chef Eddie". He was such a nice person and always enjoyable to be around. He always put a smile on my face when he would sing. My prayers are with the family.

“ My prayers are with you and your family....May the Lord comfort you in this difficult time.....Keep the memories alive by remembering all of the good times; watching him grow up as a child and sharing his adulthood....Even though it may seem too short, know that one day you will be reunited again.
