

Frieda Beasley

September 1, 1925 - November 11, 2011

Frieda loved gardening and working outdoors in her flowers, especially her roses. Her fondest memories were of our fishing trips to Canada, holidays spent together with everyone at her house sharing a meal and special memories, and our many visits to Cracker Barrel for lunch or dinner. She loved playing Bingo, and enjoyed the simple things in life. She made the best green beans and canned the best pickled beets anyone has ever tasted. Her passing will leave a void in so many peoples lives.
