“ Gary was a race car driver. Good times at the Painesville Speedway. Gary never left off the pedal into the corners,,, full throttle, slide it around. He had a fast car, maybe not the fastest, but definately the craziest driver. And because, He always won when we were there. He created so many close calls on the figure 8 we would scream! He and his family always took first class care of us during the Cleveland Air Shows. We sat with front row seats with the radio control airplane club members. We always got to help with the hobbyists planes and got to know some of them. We also got to talk to Thunderbird Pilots, Canadian Air Force Pilots, Air Force Pilots. Gary even helped build the new runway at the airport. Gary went to the sky.
