“ My deepest sympathy to all your family. George was a kind and gentle soul who I will miss very much. I knew George from working at Progressive, and I will remember him as always lending a helping hand to those of us who had the pleasure of knowing him and working with him.

“ I worked with George for over 20 years at Progressive, and will miss him deeply. I enjoyed his enthusiasm and passion for technology, and his commitment to making Progressive better. My favorite memory is when, back in the early 90s, a group of us were in Chicago for a training class. One evening, George, Dennis Barrickman, and I decided to travel the elevated train. Not to go anywhere special, just to be on it and see the sites! We had such a good time.

“ I can't tell you how much George will be missed at Progressive. I've known him for over 20 years and in all that time there was never a moment where he would not go out of his way, come into work day/night/weekend, to help out anyone who needed help. Even if it was work he did not know and there was little he did not know he was there to lend a hand and keep Progressive IT moving. Between Pete Karpinecz, Terry Ford, and George Azusenis, the nightly cycle in heaven should be running fine for a long time.

“ I knew George for about 2 years. From the first time I met him till the last time I saw him here at Progressive few weeks ago George was a person that you can not notice especially when you sit one cube over from him. His presence was noticeable in a positive way. George never refused to help or explain the difficult concepts; he was always ready to assist. George would spread his positive attitude all across the floor. His laughter his ability to enjoy live and passion would be greatly missed here on the Help Desk.

“ *I knew George as a fellow student at St. Als elementary school in Glenville so many years ago. Even as a boy he was a quiet kind boy who lived down the street. It sounds like he remained that very nice, kind person as a husband, father, and friend. I\'m so sorry to hear of his passing. He and his family are in my prayers*

“ I have known George for many years and was proud to be on the same team for the past year. I learned so much from George. I have many fond memories. I wanted to say that he always had so much love and pride in his voice when he talked about his family especially his wife, children and grandchildren. I will miss him very much.

“ I am so sorry for your loss. George will always be in my memory as a man who loved his job and would do anything to help out. He had a passion for solving problems, even if it was in the middle of the night. He was never cross with as many times as I woke him with a Production Problem, he had every right to be!!... he was always soft spoken and helpful. But, what I'll remember most is how he was there for me when I suffered a traumatic, personal loss! We only worked together... mostly over the phone... yet he made the effort where others didn't. He was, and always will be, an amazing person!!
