“ Our deepest sympathy to the entire family. I have many fond "growing up" memories of all of you and remember George as a very kind- hearted person with a warm smile and contagious laughter. We will always keep him in our thoughts and prayers.

Love,

“ Deepest sympathy to the family. I have two fondest memories. First, when I gave birth to his second grandson, Bryan George Botirus . . . Bryan was a "premie" and was in the hospital for almost three weeks. Every single day my father-in-law would pick me up at my house in Mentor and drive me to Euclid to stay with Bryan who was in an incubator. Then we would leave and he would chauffeur me around to do errands, and the next day, we'd do the same thing. My second all-time memory was one Saturday I took his two grandsons, Anthony and Bryan, over his house to visit, and we were all watching a very important Ohio State/Michigan football game. Well, right in the middle of a critical play, he turns the TV station because the Casuals, his favorite polka band, was playing! The boys were in disbelief and to top that, it was a repeat concert--one he saw many times before. I'll always remember him with a smile and a laugh in my heart--he was so much fun to be around. Thank you for being the best ever grandpa, and always know that Anthony, Bryan and I loved you as much as you loved us.

Love, Terry Botirus
