“ George met me in December 1985 in a treatment center. Later that month when I had no one at Christmas to be with, George drove 50 miles each way to pick me up and let me stay at his condo over the Christmas Holidays. That was the start of a 30 year friendship of guys that would not mix in normal situations. George always knew how to allow me to make a mistake and then in his gentle way make comments like "did that make you feel better?" He was there as part of my wedding party, the birth of both boys, the many tragedies that came into my life in the last 30 years. God Bless George Sirn..... Friend, Sponsor, Confidant, and he taught me how to live!

“ George walked me into my first meeting at Lake County Tuesday, thanks to George I'm still going to Lake County Tuesday and it is my home group. We have missed George these past months but he has been in our prayers. My prayers are with his family and his friend Harry. He helped many alcoholics and always had his hand out to the new person. Thanks George for being there for me.
