“ I loved my little sister (she was a year and 5 days younger than me). It’s funny how a child is more like one parent than the other, and she was like my dad and I was like my mom. One of the highlights of my life was the trip my husband, younger brother and wife and I made to Bob and Georgia’s home years ago and they had so many wonderful activities planned for us including a trip to Niagara Falls, the Amish country and where Longaberger baskets were made. She loved to make plans. She loved celebrations. She absolutely loved her son and her grandchildren. I will forever miss our weekly phone calls. Rest in peace my sister and friend.
