“ I hadn't talked to James in a few years. It was shocking when I looked him up and found he died. He was my best friend and I don't even know what happened to him.

“ My heart is literally broken learning of his passing. He was more than just my cousin he was like a brother to me. I loved him dearly. He was the only one in family who always loved me unconditionally and there for me when I was a kid. Have so many fond memories of him..I always looked up to him and was so proud of him. Never got the chance to ever tell him that or thank him for never giving up on me like rest of family did. He will forever be missed.

“ Wishing your family all the best in this difficult time. I have fond childhood memories of going over to James' house with my older brothers and watching them play TurboGrafx 16 games and swim in the family pool at their house on Effingham. James had a memorable smile and laugh. He will be missed.

James, you came into my life when I was 14 and it is so difficult to imagine the world without you in it. Meeting you minutes after you were born was an incredible gift. One I will cherish forever. Seeing you grow with your incredible smile and kindness to everyone was truly an honor. Over the years, when you would show up at family gatherings, you made my heart sing. I wish I would have hugged you more and told you are very special you are much more often. May we all love on each other and find a gentler, more giving, deep gratitude for everyone in our lives. I am confident that everything you experienced in your life makes perfect sense to you now and you are peace. You will always be a part of my heart. I love you, dear nephew.
