“ I hold great memories of my "Uncle" John. He was a great man and always treated us as family. He played a great role in my life. Being an example of a strong family. I have taken him for granted, thinking that he would always be there for our family gatherings. I love him and know we will all be united again. The whole family will be in my prayers. I love you all very much. Danielle

“ To all of my friends back home, I will miss John with my whole being. he was such a wonderful friend to have. I have so many fond memories of all of our vacation trips camping & canoing, they bring thoughts of joy & a huge smile to my heart. A person is blessed if he can count on his fingers how many true friends he or she has. John never hesitated to give a hand in any project that I had & he was privy to, I will always be grateful to him & his never ending knowledge. What A Great Friend John Moyer is & Always Will Be. I knew John for over 30 years & will never forget him. See you in Heaven John. I Love You Brother!!!

“ My good friends, I keep thinking about those canoe trips we enjoyed so much together. How about that time we almost blew away in Cincinnatti on our camping trip to Kings Island. I was remembering John & I on that roller coaster, in the front seat flying straight down into the underground track, what sheer delight John had on his face. So many memories to keep close to my heart of our families great times together. John is blessed with a great family who loves him very much and can be assured, that he is sleeping peacefully now, I know, the bible tells me so. Be comforted in knowing we will see John again the day Christ returns. Love to all of you, my deepest sympathies. Deb

“ John will be sadly missed by George & me. We have wonderful memories of his great spirit and personality. He was always a good sport and a good friend. He was a wonderful man. We love you John. Our deepest sympathies to Rita, the kids and his brothers and sisters. Put a good word in for us, John, and save us a space up there next to you! We'll see you again.
