“ Johnny and I were buds in high school and fortunately we'd run into one another from time to time since then.  
He was an intense man... always was.  
He always offered to help train me and get me back into shape... I was touched by his sincerity.  
Most people, when they think of Johnny Radcliffe, might think of his physique... however, as I knew him and will remember him, Johnny was a kind and decent man.  
Rest in Peace Johnny..  
May your soul be forever at ease at the right hand of God.

“ John struggled with government so he came to my classroom every day to study while 2 students and I papers. He said once that my graders warked with more intensity than he did his own reading. He hated sitting there in front of me reading, but he showed every day. And he passed government fair and square. Once there was a fight right in front of me. John jumped on the most aggressive kid and broke it up, even tho he might have got in trouble. He did it to protect me. He was a loyal and good man even back in high school. I miss him.

“ My heart and prayers go out to JoMarie, Christine and Clover as well as the rest of the Radcliffe family and all of John's friend's. John and I were very close friends in High School, we were always working out together in my garage gym and did so for a few years after High School. Then life's changes happened and we went our separate ways.

*I pray that the Lord will comfort John's family and friends. Love ya Bro, you will be missed.*

“ I met John Radcliffe back in 1988 at the Work Gym Gym (now Titans Gym) and hired him to help me move out of my apartment. Had a blast cracking jokes and he helped make an exhausting day into a fun day. Since that time, I've seen him here and there at the gym and enjoyed casual conversations. It must have three years where I didn't see John and then I competed and won the 1991 Mr. Ohio Bodybuilding Championships held in Akron, Ohio. As I was leaving the venue, being one of the last people out the door, I was walking alone down the hall to exit the auditorium and who do I see standing by himself waiting for me? JOHN! He waited all this time to see congratulate me. To this day that meant the world to me and made my victory that night became that much more special. I did run into John more recently at the gym around 2 years ago. I was happy to find him still training and working on himself. It is with great sadness to learn of his passing. My most sincere condolences to his family and friends. He was good man and will be very much missed.
