“ *Annette,*

We are so sorry for the loss of your husband. My memories of John go back to when our kids were at Angel Care. He was so nice and kind and adored Colton - you could see it in everything he did. The kids love going over to your house to play, there so much for them to do there and John always made everyone feel welcome. I wish there was something we could do to help ease your pain during this difficult time. I hope it helps in some small way to know that we care about you and are praying for you and Colton and your family.

*Love & Prayers,

“ I had an Art Class with John in High School. We sat at the same table. He was very friendly, even to me a lowly freshman. I have very good memories of John. After the class was over he continued to say hello in the hall. I didn't see John after High School but, I still remember his kindness. I am sad to hear of his passing. Blessing to his family.
