“ *Dearest Cousin Lexy and Carol, Our hearts are filled with sadness. Karen was wonderful and stayed true to her Kentucky roots - fierce loyalty to family and friends, always honoring her past and thinking of others first, especially her Lexy. We are with you in this time of grief and will be in the future when we can be together and share memories of Karen Sue.*

With Love, Winnie, Tom and Rebecca

“ Alexia

I am sorry I cannot be with you, but I want to express my sympathy to you. I always enjoyed talking to Karen and was always happy to see I had an e-mail from her. I knew it would be funny.

“ *For Alexia and Carol: I was shocked and saddened to read Karen's obituary in today's paper. I will miss her as will many others. She always brought a ray of sunshine and good humor to my Aquamotion classes every summer. My summer will just not be the same now that she is gone. Keeping you both in my thoughts and prayers.
