“ Karen and I grew up in Greensboro together. We went through elementary school all the way through the 8th grade. In high school, Karen was a real friend to me. I was a difficult person with whom to be a friend. Karen reached out in joy providing a "date" for the junior prom as well as many other acts of kindness. Then when I got to college, one semester the only physical ed course I could fit in my schedule required half a semester of modern dance. Now, unlike Karen, I had no rhythm for dancing. The final required a modern dance routine. Over Christmas break, Karen tutored me, created a dance routine, advised on a costume, spent many hours teaching me to "dance" my way through the final. Through college we kept in touch. Sadly as we moved on in careers and families, We lost touch. But I thank the LORD that He brought Karen into my life for a season. To Ron, their children and siblings, I am praying for God's comfort.

“ Condolences to Karen's extended family on this sad occasion. I have a lot of memories of Karen from high school and catechism classes. My fondest memory is when she was elected to the homecoming court in high school and needed an escort. She waited for me that night at the gate of the football game so she could ask me before anyone else would. She was something special!
