“ So saddened at the news I just received. I will always remember our great camping days in the Adirondack Mts. as teenagers, and climbing Blue Mountain was the one and only highlight of our Mt. climbing adventures!! We loved looking for black bear, motorboat rides, wading in the lake as we searched for clams.

Those "happy go lucky" days will never be erased from my memories.....

Love and prayers to you, Laura and John

“ John and Lulu,

My thoughts are with you. I hope the warming memories of your special and remarkable mother bring you comfort. I did not know her for long, but enjoyed the times we had together. I can thank 'Louie', her good friend... and my cousin...for introducing us. As much as I will miss her I find comfort in knowing her suffering is over.

“ John & Laura,

I am so sorry for the loss of your mother. She loved you two more than anything in the world. She loved your friends and families. She always believed in the both of you and was an excellent mother. I will miss her deeply and will cherish the memories of her forever. Going to the mountains in upper NY, sitting at the kitchen table and talking, her cooking, her wonderful attitude about everything, her smile and laugh, her compassion for everyone and everything, her love for X-mas and decorating the tree, she was a beautiful woman and raised two beautiful children! I thank you Linda for your support and love and making the past 23 years of my life with your daughter the most amazing 23 years a person could have! I will keep you in my memories forever.

Love, John

“ John & Lulu,
Your mother was a wonderfully unique person with her "straight shooting attitude" and her heart the size of Texas. She leaves a love that will be with us for the rest of our lives. I have a major void in my heart with her passing, as you do, but I know that Porkie is at peace and in God's hands although I'm not quite sure if St. Peter is ready for her. Your mom has left me with a great gift, the ability to recover when I feel "down." All I have to do is just remember our the good times we had together, our phone conversations, and how I enjoyed her witty sense of humor. This will remain with me for the rest of my life. Wow, how I miss your mom. She was so special to me and I will always love her.

Love you guys.

Louie

PS - I understand the Armidillos are now coming out of hiding.

“ We know that words alone can hardly ease the pain. But please know that our thoughts are with you on the loss of your wonderful mother. May you find peace and comfort in knowing that you are not alone. Your mother is always with you, first in her lifetime, then forever in your memories.
