“ Margie was the nicest person I have had the privilege to work with at the severance radiology office. I will surely miss her beautiful smile when I go back to visit. I will be praying for her family and all her loved one so they can find some comfort in knowing she is with the lord.

“ I am now recalling our grade school days and especially our ice skating group of which Margie was an integral part. Seeing her within the last 10 years, I couldn't believe how she had hardly changed (can't say the same for many of the rest of us ;)). It's hard to believe such a bright light has gone out on this earth. However, we can be sure she will be lighting up her section of heaven! God bless you, Margie.

“ Lots and lots of hugs to all of you guys during this very awful time. Margie was such a big part of our lives at Euclid Radiology. We knew all of you just from sharing stories. She loved and was so PROUD of all of you. We definitely lost a sister, but we gained another angel! She will always be a part of my heart! Nancy Tokish

“ My condolences on the loss of Margie. That is the name I called her when we worked together at Euclid Radiology because she did the best mammograms. She was so much fun and I'm so glad I had the chance to get to know her. I haven't seen her for several years but would go through photos taken of Euclid Radiology outings and enjoy the memories. My sincere condolences.
