“ I want to extend warm thoughts and prayers to Patty my best friend from High School whom I think of often, Michael her husband, and Kenny Tomsic. I still have fond memories of going to the Indians baseball games with Patty and "mom". That was so much fun - all being "groupies" together back when. I always felt like a special part of their family during our high school years and after - and will always cherish those memories.
God's peace & healing to all of you.

“ Our prayers are with all of you. We will always remember Aunt Marian and Uncle Joe visiting. The boys always enjoyed that. We love you.
