“ My deepest condolences to your family. Kay was a wonderful lady and family friend of my parents I had the pleasure of knowing through my childhood years. Now she joins her dear husband and "many" friends including my parents in eternal happiness.

“ I'm am very blessed to have Kay as the grandmother of my sons. Her beautiful life lives in my heart as a testimony of the love, laughter, and her daily life that she role-modeled for everyone. She's a pleasant Irish breeze. Her children, grand children, and great grand children are her legacy. She amazed me last year at my sons wedding. She was so elegant in her blue dress, and she amazed me more as she got out on the dance floor and danced the night away. She will be dearly missed, and I'm very blessed to have had her in my life.

*My deepest condolences to the family - Love from Kimmy*
