“ *What a wonderful couple Mavis and Ady were in the Euclid Campers Club. We had years and years of camping and sharing travel, laughter, food, and close friendship.*

Mavis never minded we dressed up her cat in doll clothes. She always told us that Ady hid his money in jars, and that her pictures we always kept in her mind. We would look at every card rack that had American Greeting cards...no matter what state. Mavis and her good friend, Beryl posed as funny old women on greeting cards. I collected as many as I saw.

Both were great people and will be missed by many!
