“ Mike was my Dearest Friend. We had a bit of a falling out and lost contact over the past 2 or three years. I tried contacting you Friend on many occasions through your email on FaceTime Video as we had done so many times throughout recent years. I was unable to reach you... I have had only yesterday and today to mourn your loss...

To Mike's Wife and Family; many of you knew me. My Sympathies to you all. Know that his death is a loss that is most Keenly felt. Mike and I shared many special things since first meeting each other in about 97.' One of the greatest of those was our love of music and our sharing of our musicianship. He shall never be forgotten by me and all others who Loved him. I hope one day to greet you on the shores of the afterlife my Friend.
