“ One of the most wonderful, amazing people anyone could know. He was a gentle giant who I loved with everything in me. My love will never die as I think about him everyday and wish he could be here with me again.

“ I am a coworker from the perry plant that got to work with Mike these last two outages and originally met him while in testing for the outage. I met him with his freind Tom Vehar and learned about the accident on facebook. I am so sorry for your loss and was stunned by the news. Mike was a great guy and will be missed by all who knew him.
