“ I have known Nancy for so long. Ever since I was a little girl, she was included in my family. She came over our house alot and she was a treasure. There was never a birthday of mine or my husbands that she did not remember. What a kind person. I told her when I last talked to her that when she got to heaven she has to hug my husband and my daughter and tell them how very much I love them and miss them so so so much. She agreed. I am sure she did just that. If everyone in this world would put others first like Nance did, the world would be a much nicer place. Heaven is sweeter knowing she is there and she is out of pain and worshipping the Savior!!!
