“ My husband and I knew Ron as our “spider eliminator” AKA pest control. As someone who hates spiders, Ron quickly became one of my favorite people. He was always very efficient with coming in a timely manner, communicating effectively, and always joyful to be around. One time we saw him and his wife at a local eatery and he went out of his way to come and say hi to us and chat with us about our meal and explain how he and his wife go to eat breakfast almost every weekend. One time I texted him a question about bees and he called me immediately to give a more detailed explanation and advice on deterring them. Ron’s customer service and personality really were a gem in today’s “go go go and cut corners” mentality. Our condolences to his family and friends. He will be missed both as a stellar spider eliminator and a person.
