“ MaryAnn and family, What more can be said about Ron. I can attest he was devoted to his family and to his home. There wasn't ever one weed on either of his two lawns. He was good to his outdoor gold fish too and he saw they had food to eat. In earlier times, I remember our family get-togethers and we had many. When our family was invited to your home there was plenty of Polish flavored foods to eat. And when your family was invited to our home, thanks to your sister, there was plenty of Italian flavored foods to eat. Watching our children grow was another good feeling. But as you know, everything didn't go as we had wished. It is to your strength MaryAnn I praise. You witnessed the loss of your parents, and your two older sisters that died of the same fatal genetic disease. Both sisters were still in the prime of their lives, but God had other plans. Then to top it off, your daughter Lisa was born with a defect. One would never know she had this problem as your family, and especially you MaryAnn, nurtured and gave Lisa extra care. You were always there to attend to her needs. I thank you for being there with me when Lenore took her last breath. I'm sure God will reward you for what all you've done. Love, your brother-in-law, Lenny
