

Ronni Stanic

October 3, 1953 - May 30, 2021

Ronni Lee Stanic (nee Tevault), age 67, passed away May 30, 2021. Beloved wife of Kurt; devoted mother of Derek, Abby, and Brett (Alexandrea); loving grandmother of Lincoln and Lillith; dearest sister of Kathy (Joe) Dudek; dearest sister-in-law of Chris (Clara), and Scott (Amy) and a dear aunt to many.

Ronni devoted her life to her family. Whether she was clipping coupons, being a PTA mom, a Euclid Panther Booster, chauffeuring kids to and from practices, or making dinner, she was THE BEST mother and wife giving every moment to her children and husband. Her love and devotion will be deeply missed.

Contributions in Ronni's honor and memory can be made to Hospice of the Western Reserve, PO Box 72101 Cleveland, OH 44192.

Private family Services were held, and arrangements were entrusted to Monreal Srnick Funeral Home.

“ Dear Kurt and the Stanic Family,

I have only the best memories of Roni and the wonderful Stanic Family. Roni's devotion and support to Kurt and the children during those wonderful years in Euclid will never be forgotten by the Euclid community and school district. The hospitality and kindness given by Roni and Kurt toward the Euclid School employees, like myself, will always be appreciated. To me, those memories will always be part of the "good old days" in my heart. God Bless the Stanic Family!

“ Dear Kurt and family,
My sincere condolences for your loss. Though we had lost touch over the years, having moved out of state for awhile, I did get recent updates from Rita on Ronni's condition and am sorry that such a kind, loving person should have her life cut short by such a debilitating disease. I have fond memories of my sister, Heidi, and I walking to Jr.High high with her everyday. She lived 3 streets down, and we would meet at the corner of our street and W117th, either she waited for us, or we waited for her. Conversations would be typical adolescent stuff of the day. Then the walks to school together continued in another direction to high school. I remember us always laughing about something. If we ever have our 50th class reunion, we surely will have a toast to our dear friend.
With deep sympathy,
Christel Albers Wiewel

“ Kurt/Abby and family,

Jean and I are truly saddened by Ronni's passing. We all have lost loved ones and somehow good friends can be there for you always. Please know we are back in town now and if and when you need to talk or share a visit, we are here for you.

“ My deepest condolences to all of Ronni’s family. Her family was everything to her - the last conversation we had was about her family. I hope their memories carry them through this difficult time.

“ Dear Kurt, Derek, Abby, Brett, Kathy, and family,
Ronni and I had a true life-long friendship, beginning in junior high. Ronni had the gift of laughter in joyous and in tough times. She shared her children with me, sometimes bringing Abby to a shared meal, always showing her love of Kurt and their children through sensitive, tender stories.
But even before your time with her, dear ones, Ronni was part of fond school memories, summertime joys. She generously invited me to her Methodist summer camp, where faith and bonding with other adolescents gave promise of a secure future with others.
She is in my heart.
With love,
(Dr.) Rita Stroempl

“Alzheimer’s is an insidious disease. It slowly takes the mind and leaves a shell to wither away over a long period of time stealing the life and soul of those who have it.

Alzheimer’s is an insidious disease. It breaks the hearts and hopes of family members providing unrelenting care every hour of every day.

My sister was a devoted wife, mother, grandmother and, yes, a wonderful sister—even though we fought like any siblings during our childhood.

I have great memories of things we did.

Once, on a trip to Chicago for my sister’s birthday, I found a birthday card that had the saying “if you see me acting like our mother, throw a bucket of water on me.” Ronni and I laughed so much that tears ran down our faces and our plumbing started leaking elsewhere.

In 2017, Abby brought Ronni to Disney World where Andy, Marnie and I were staying. She had a bad back and I was awaiting two total knee replacements. We both needed scooters to get around the park and hotel. One evening after dinner, Ronni and I raced the scooter down a very long boardwalk to our hotel. Little did we know at the other end was a Disney policeman. Needless to say, he wasn’t pleased and threatened to give us a ticket and impound the scooters. Again, we laughed for several minutes.

These are just a couple of the last memories I will hold in my heart, knowing that Ronni is now at peace.

Alzheimer’s is an insidious disease. As time goes on, may the pain and sadness you feel in your hearts today be replaced with happy memories of my sister, Ronni.
