“ Dear Carla, Noah and family: The day I met you, my first thought was , my goodness, such a beautiful close knit family. Your parents are so proud of you. You are always so kind, thoughtful and generous with your time. That is your gift from your family and it is a real treasure. You and Noah were always there for your parents and you both put them before yourselves. Be proud of that, it is special. We love you, Joe & Shar.
