“ Life can throw us curveballs, and leave us with uncertainty. One thing for certain is that we have a Creator that loves us. His plan is seldom our plan. He loves us unconditionally and always seeks our attention when we give it to Him. His love can move mountains and lift seas. His love is never fading and always present. When we can't trace His hand, we can always trust His heart.

Grandma, you always seemed to keep loving. Even after many years of life getting in the way, you never stopped loving. We are called to be "Christ-like". In our recent conversation you said you always kept praying for us. Thank you! To do that takes love and to never stop loving is what we are commanded to do. Our Creator is a loving God who loves us more than anything, for we are his creation. For 81 years you kept loving and now your home with our Creator. Although family mourns and grieves your passing, they are celebrating in heaven today. We too join that celebration of life.

The day when He calls me home, I'm looking forward to eternity, without the ways of the world, to spend the time we didn't get to have here on earth. May there be a candy store in heaven for you to take me to everyday of eternity.

Always have loved you, Grandma and I am thankful to have spoken with you in recent months.

In His Love,
Your Grandson
Jason
