“ I have been a friend of Jan and Eddie for 50 years, and a friend of Jan for 60. You could always feel the love between Eddie and Jan. To watch them dance the Waltz was like a peaceful flowing stream, and of course they always loved to Polka. It was wonderful that they had all these years to share and have five wonderful children and 10 loving grandchildren. His life was full and he received all the love and care that a person could ask for from his family. I have many fond memories of times our families spent together. He will surely be missed.
