“ *Tammy was one of my "kids" at the One Hour Photo lab at Great Lakes. We laughed a lot, cried during the rough times, bowled a little, switched from Motley Crue to Travis Tritt, and generally became family. I miss her greatly, but enjoy having the memories of our our time together.*

“ Everyone,

It took me awhile to get through this past year since Tammy\'s death. I had a hard time speaking about her or thinking about her without getting upset. It is coming up to the anniversary of her death. I have put together a site in memory to Tammy and her mom Nancy. Please visit this site and post to her guest book or to her blog site.

“ *Tammy and I met 10 years ago, and never looked back. She was my best friend, my confidant, my sister. It has been almost 7 months since Tammy has been gone, and to this day I am still very sad in her passing. Tammy & I had a poem that we liked called "FOOTPRINTS", so on her birthday August 9th, I made a poem in her memory that I put in the newspaper that went like this:*

We used to say that friends are forever, and we would never grow apart, but since you've been gone, I have this empty place in my heart. So today on your birthday I celebrate your life, through the good & the bad, I take it in stride.

On this day of every year, I will remember.

"FOOTPRINTS FOREVER"

Love & miss you so very much.

“ I only found out today that Tammy has passed. Since I had not heard from her in a while, and was unable to reach her by phone or email, I started to search the internet. I found her obituary instead.

Tammy was like a sister. We grew up together and have many stories. We were together since Grovewood, to Kirkland, to Mentor. I moved to Oklahoma but kept in contact with Tammy over the past years. We were friends for almost 30 years. I will also remember when we met. She was 4 years old and I was 5. We lived across the street from each other and our parents were friends. We stayed friends when they moved to Kirkland. We stayed friends ever since. I will miss her dearly.

Rick, if you view this, please, please contact me. You can reach me by email webmaster@cherokee.org or by phone 918-456-7914.

Love Always,
Tonia

“ I worked with Tammy at One Hour Photo in Great Lakes Mall. She was and will always be very special to me. We always got a long fine, and had lots of laughs when we worked together. I have not seen her for years, but she was still very special to me. I will miss her greatly.

“ Here is a poem that Tammy & I both liked. We both lost loved ones at the same time and we this poem helped us both. It is now also special because of Tammy.

"I read of a man who stood to speak at the funeral of a friend He referred to the dates on her tombstone from the beginning...to the end. He noted that first came her date of birth and spoke the following date with tears, But he said what mattered most of all was the dash between those years

1970 -2004for the dash represents all the time that she spent alive on earth...and now only those who loved her know what that little line is worth. For it matters not, how much we own; the cars...the house...the cash, what matters is how we lived and love and how we spend our dash. So think about this long and hard...are there things you'd like to change? For you never know how much time is left, that can still be rearranged. If we could just slow down enough to consider what's true and real, and always try to understand the way other people feel. And be less quick to anger, and show appreciation more and love the people in our lives like we've never loved before. If we treat each other with respect and more often wear a smile...remembering that this special dash might only last a little while. So, when your eulogy's being read with your life's actions to rehash...would you be proud of the things they say about how you spent your dash?
