“ Tony and his family lived across the street from my family when I was way younger. I played with AA years later in New York state and Cleveland. Half measures availed me nothing until I surrendered on Jan 16, 2004. I live in California now but am back in Cleveland visiting my brother who has terminal cancer esophagus. Thank God and the fellowship and the meetings I attend every night. I would love to talk to any men in AA while I'm here...especially if they knew Tony. My number is 7606259699.. ty

“ I would like to give my condolences to Tony\'s family. It was people like Tony who stayed sober and kept the doors of AA open for me. Thank God for men and women like him. He will be missed.
God Bless,
