“ Dear Daryl, Georgia, Meghann, Vanessa, Vidette, Felicia, Kimberly and families...
Al, Julianne and I are so saddened at the loss of your mom / grandma. Because of the friendships we share we all know how special, "Vivian", was.... It took a very special woman to have the children that came from her! One of your greatest success's, your big hearts, kindness and willingness to share of yourselves... that came from a very special woman and is one of the greatest legacies she leaves here on earth.

*I looked into the definition of legacy for clarity of it's meaning and it offered me more as to the weight of the true meaning ….
A legacy or legacies is what someone or something is remembered for or what they have left behind that is remembered, revered or has impacted current events and the present day.*

Vivian is impacting our present day through her children and their families…. for that - her life will be remembered and revered…

With our love and prayers…. Al, Nancy and Julianne

“ it is hard to express the friendship Vivian and I had for over 40 yrs. We were apart for years but we could pick up the phone & talk as if we had never been seperated. God works such miracles and allowed us to spend 5 weeks together last year and I know have precious memories of her and she will always have a special place in my heart. to her family, my deepest sympathy and prayers to you. You have always felt like my 2nd family with your ages matching the Busser's as well as Daryl being so close to our Roland. I will miss Vivian but she remains in my heart forever. Love Lenore Busser
