“ *Proud to have taught Wally at Lincoln Elementary School. I don't ever remember him not smiling. The Cleveland Schools lost a great teacher and even better man. I loved that one video of him dancing with a bunch of his students in the Gym on Facebook. You could tell the kids loved him and he loved them. Rest in Peace Wally!*

“ I entered my first year of teaching and I was lucky to be placed at Memorial Elementary and Wally was first person to greet me introduce himself. He eased my nerves and introduced me to the entire staff and they all took me in and guided me. In addition, Wally came to my room on our first day and made sure I had everything I needed and showed me the “ropes”. Wally was upset I was transferred out and asked if there was any chance I could stay. He made me feel like part of a family and as a first year teacher even at 39 years old I was terrified. He helped me get through first few months and I couldn't be more grateful to him and the entire Memorial staff
